

ROLLER BLINDS

PerfectFit® Roller blinds

The ideal choice for a fuss-free, streamlined look, our PerfectFit® frames sit neatly into the window frame. Easy to open, inherently child safe and no drilling required, PerfectFit® blinds are suitable for tilt & turn styles and leave window handles free from obstruction.

Available in a range of colours.

Athena Coral with a PerfectFit® frame in White

Grip Fit™

Grip Fit™ is a unique no-drill Roller system suitable for fitting into recessed windows.

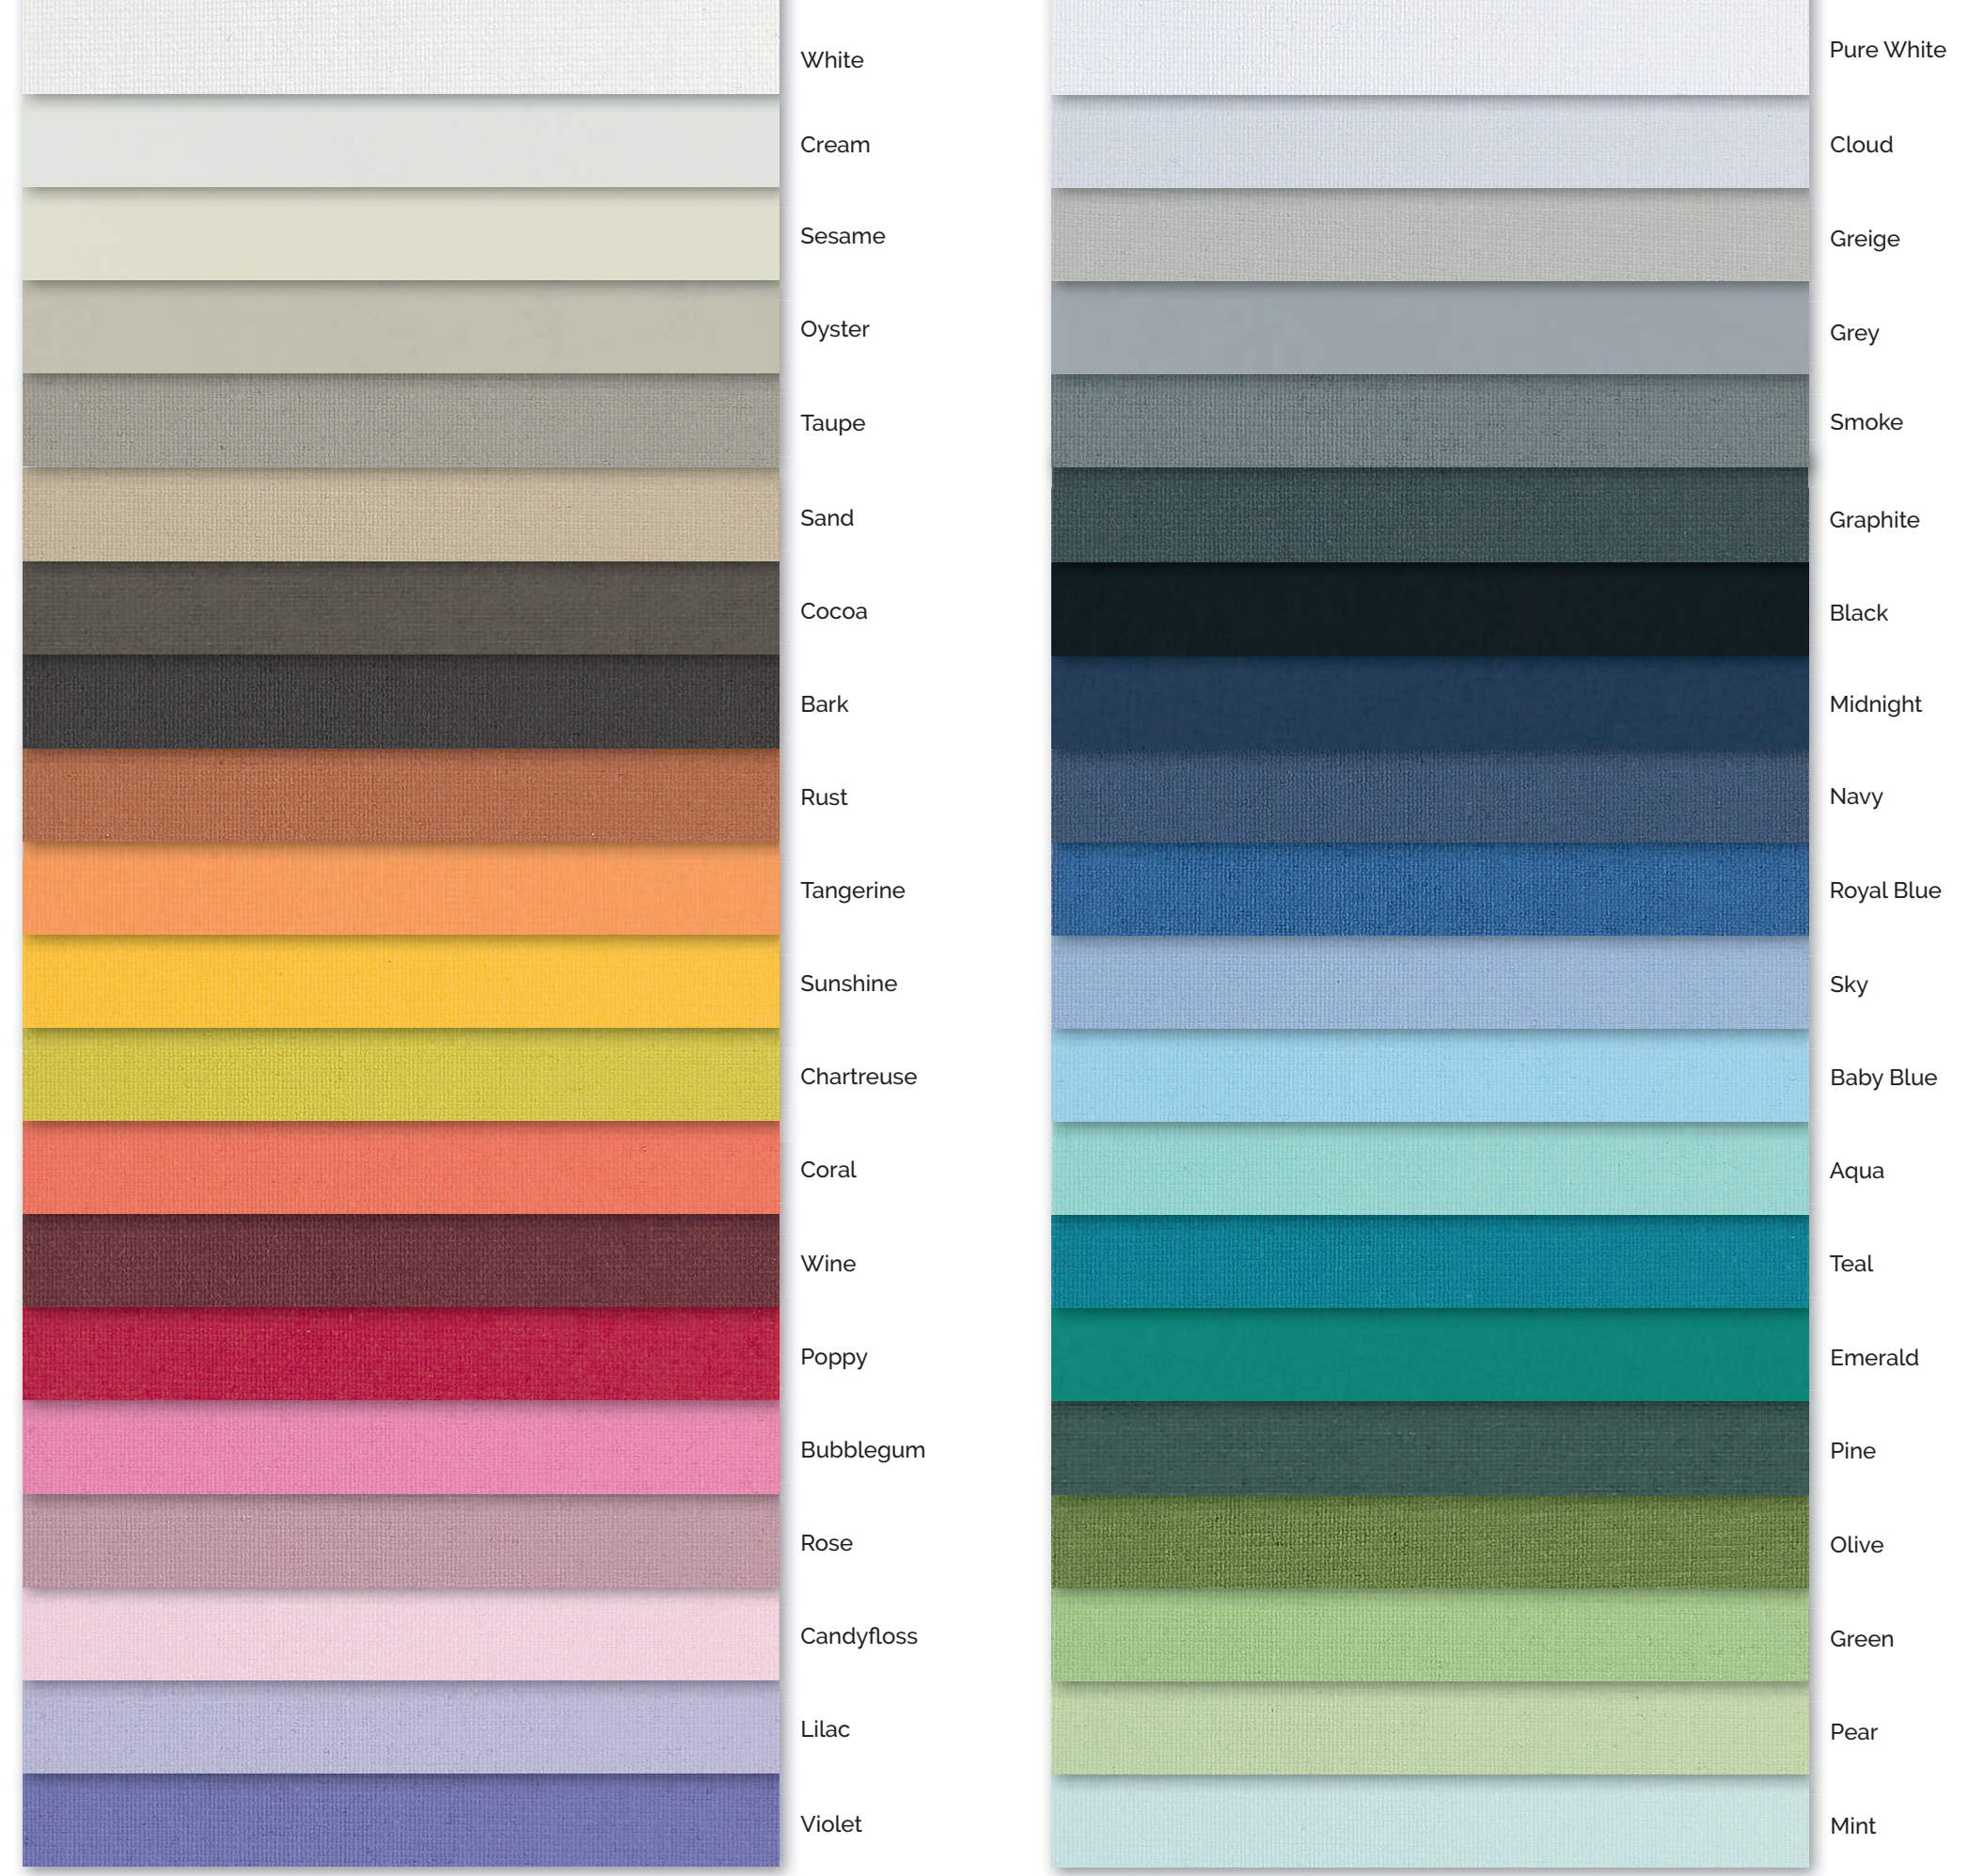

Available in White, Anthracite and Black with the option to have the fascia fabric covered if desired. Can be chain operated or motorised.

ROLLER BLINDS

Roller blinds are a versatile design choice for any room. With beautiful on-trend plains and patterns, plus unique velvets there's plenty of choice. Our range of accessories; braids, pulls, shaped edges and different system options allow for a truly personalised finish.

And there's the option to make yours an electric blind for remote control operation, or a smart blind for voice, app and remote control - the ultimate in convenience.

Technical Performance

We offer a range of Roller blind fabrics with specific performance properties, which means some Roller fabrics are better suited to specific rooms. Look out for the following symbols on the fabric labels to indicate any specific performance properties.

Symbols Key

-  Roller
-  Vertical
-  Multidirectional
-  One Way Pattern
-  One Way Border Pattern
-  **ST**
Semi Transparent
-  **STD**
Standard Shading
-  **DIM**
Dim-Out
-  **BLK**
Blackout
-  Suitable for moist conditions
-  Recommended for moist conditions
-  Dust only
-  Sponge Clean
-  Suitable for computer environments
-  Recommended for computer environments
-  Reflective Backing
-  **FR**
Fire Retardant
-  Recycled

Child Safety

Your stockist can advise you on child safety options

ACCESSORIES

Melody Grey with Louvolite standard Roller with straight hem and Brushed Chrome eyelets

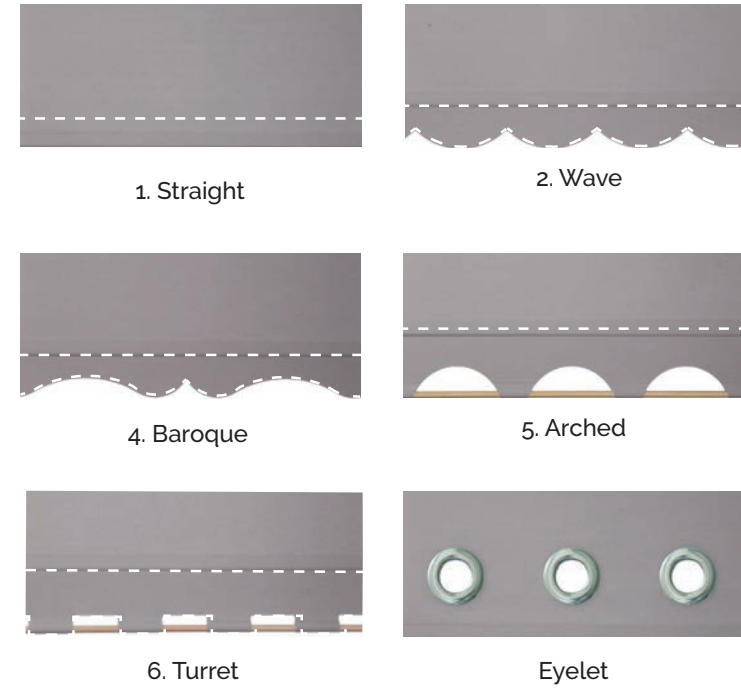

Eyelets

With seven contemporary styles to choose from, eyelets are perfect for enhancing a straight hem Roller blind.

Hems

The dotted lines indicate where the braid would be applied above the Hem.

Chain Options

For Rollers with an operating chain, there are six colours available. Black, White and Anthracite will be supplied as standard depending on the mechanism colour you choose. Our metal chains are available at a small surcharge.

Poles & Finials

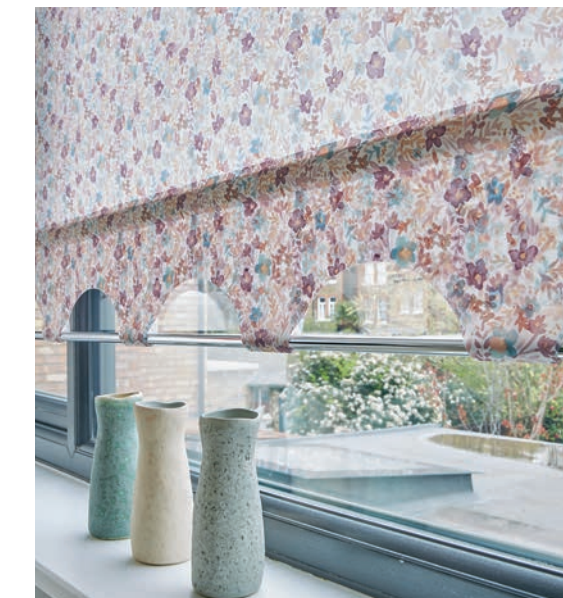

If you've chosen an Arched or Turret hem for your Roller blind, you will need to select one of our stylish poles and finials to complete the look.

We have three wooden and three metal poles to choose from. If you select a metal pole you also have the option to choose a decorative finial.

Decorative Bottom Bars

To enhance a straight hem we have three decorative bottom bars to choose from.

Zayn Iron with Black Decorative Bottom Bar

Pulls

Pulls are necessary for our spring operated blinds, but can also be added as a decorative touch to our sidewinder Rollers with a straight, wave or baroque hem. With 17 to choose from, there is an option to coordinate with any fabric.

Braids

Choose from one of our contemporary braids to add to your Roller blind for a completely bespoke finish. A great accessory to plain or patterned fabrics, there's options for both a contrasting and tonal look.

Scallop Glitz

Scallop Classic

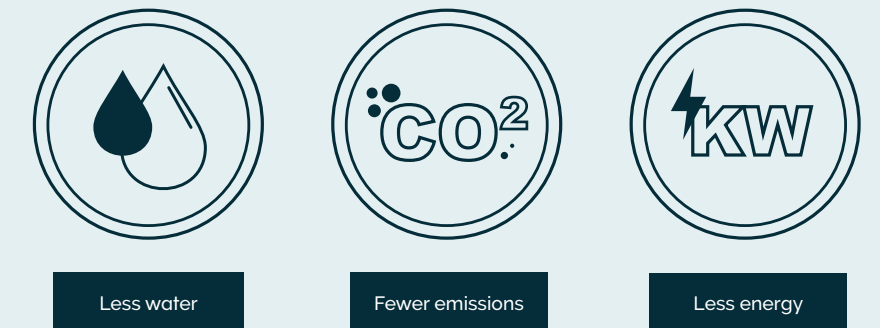

RECYCLED FABRICS

Whether you're looking for a plain, print or jacquard option, 61% of our Roller fabrics are made from 50% or more recycled polyester yarn, so you can get the look you want with a more sustainable fabric choice.

Why choose recycled fabrics?

Production processes use less water, chemicals and energy than virgin polyester. Recycled polyester production therefore generates less CO2 emissions than virgin polyester.

Look out for the 'recycled' logo across our fabrics, all of these fabrics are composed of recycled polyester yarn.

AQUARIUS

in partnership with

Make a smarter choice with motorised Aquarius Roller blinds

The benefits of motorised blinds

- Offers convenience, thanks to the multiple control options; including 5 and 16 channel remote and a discreet wall switch
- Operate multiple blinds at once
- Enhanced privacy and security
- Perfect for hard-to-reach windows
- Inherently child safe
- Can be integrated with other smart home technology when paired with a Somfy Smart Hub

The benefit of smart motorised blinds

Pair your motorised blinds with a Somfy smart hub for even greater control.

- Control your blinds from anywhere with the app – even when away from the home for added security
- Set timers, open and close your blinds around your daily schedule
- Control your blinds through a smart home assistant like Alexa or Google Assistant – perfect for when you've got your hands full

ROLLER SYSTEM OPTIONS

Depending on your needs, we have a range of Roller blind systems available to choose from. With all of our system options, you can choose to have the fabric as standard roll or reverse roll, so that the reverse of the fabric cannot be seen on the barrel at the top of the blind.

Standard Roll

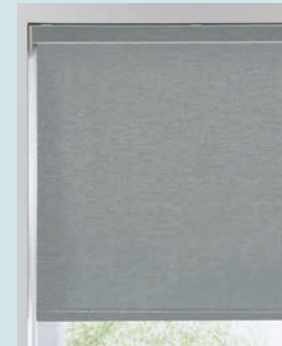

Reverse Roll

Louvolite System

The popular Louvolite System 32/40/55[®] is available as standard Roller, semi cassette (in 40mm and 70mm fascia depths) and full cassette, in a choice of White, Anthracite and Black.

Standard Roller

Semi cassette with fabric valance

Semi cassette without fabric valance

Full cassette

Senses System

A contemporary Roller system which offers fascia and co-ordinating bottom bar options in a range of 5 colours, with matching or co-ordinating end caps. Standard Roller blinds and semi cassette mounting profile Roller blinds are also available with Senses bottom bar options.
